

Helen Keller, Public Speaker: Sightless But Seen, Deaf But Heard (Great American Orators)

This is the first book-length study of Helen Keller's public speaking. It contains rhetorical analysis about how a person who was sightless but seen, deaf but heard learned to communicate, and how she gave public speeches for nearly 80 years inspiring others with her vision for a better tomorrow. The analysis, texts of various speeches on a broad range of subjects, a chronology of her speeches, and bibliography will be helpful to students and teachers of speech and all those interested in Helen Keller.
