

## Pulitzer or Bust

So you think you have what it takes to be a writer. In fact, you're so convinced you're a writer just waiting to happen that you've applied to a college writing program, and you've been accepted. But what now? Is it just a question of knowing where the semicolon goes? What a sestina is? No. It takes a lot more than writing classes to go from being a writing student to being a writer. And after a while, being told, "You have to find your voice, gets very old. You need advice from people who have been through these struggles and come out the other side as real-world writers. You want to hear from other writing students who are maybe a year or two older than you, who are serious about their writing, who have learned a thing or two on the way. That's what makes Pulitzer or Bust unique-and priceless. Get your advice from the people who know.
