

## Mason County, West Virginia, Marriages, 1806-1915

This remarkable book is an alphabetical listing of nearly the entire adult male (and some of the female) population of Monmouth County during the American Revolution--some 6,000 Monmouth Countians between 1776 and 1783. For roughly half of the persons listed, we find one or two identifying pieces of information, and in an equal number of cases we are presented with enough information to trace the allegiance or comings and goings of a Monmouth County resident over a number of years.
