

Calm Down, Peter Puppy: A Relaxing, Calming, Comforting Story for Children 2 to 8 with Free Audiobook and Song

Calm Down, Peter Puppy is a remarkable book for children and adults alike! Peter, an adorable puppy with a heart full of love, calms down when his mommy, Patsy Pom Pom, and his whole family show him tender loving care and help him to create a special state of relaxation and peace. Peter also finds his special place in his mind where he can feel happy and safe. Its a perfect antidote for our modern world with its anxieties and challenges and an opportunity to create healing and miracles. Marilyn Gordon has created a modern classic that is helpful to children and the adults who love them! Heres a special 1-minute video to tell you all about Peter Puppy: https://youtu.be/Sg8abmn_pFQ Written by an award-winning, expert hypnotherapist who knows how to help people relax deeply, this book will take you and your child where you need to be. The illustrator knows how to create magical illustrations for children, and her 4 year-old son approved each awesome drawing along the way. Your children and you wont be able to stop yourselves from saying Peter Puppy is so cute! I love him! Free audiobook and song are included. Heres what some people are saying: With creative and spiritual brilliance, Marilyn Gordon brings Peter Puppy and his family to life. This story offers practical tools to help young children and their parents ease into a state of peaceful relaxation - both at bedtime and for use in stressful moments throughout the day. Having spent many years working as a child and family therapist, Ive seen how vital it is for parents to teach young children skills for finding their inner calm and to provide reminders that they are so very loved. Ms. Gordon offers this tool kit through the guise of irresistible characters and age appropriate story telling thats both magical and useful. I highly recommend this book to parents, teachers and counselors of young children. Matthew

Engel, MSW, Cht. Peter Puppy has everything to help a frisky child relax. All the while, they are learning this most important lifelong skill without conscious knowledge that they are learning it, and that's the beauty! It doesn't seem like a lesson. Whenever you read Peter Puppy, or play the recording, or look at the amazing illustrations, only one thing can happen: relaxation for all. I am so impressed with this story, the recording (easily remembered to the tune of Frere Jacques... a song that will loop through your head), and the illustrations. I see many more Peter Puppy stories and recordings to come. I imagine the lessons will be just as easy to learn for child and parent alike as the lesson in Peter Puppy - that through the power of our own inner mind, we can change our feelings... for the better... and live much more intentional and happy lives! As a hypnotherapist for over two decades, I understand the tools that are being used to help your child relax, but what matters is that your child will learn how to relax... to relax themselves! Please share Peter Puppy with all of the frisky children (and adults!) in your life. You will be giving them the gift of relaxation and peace. Stephanie Rothman, Cht, NLP, EFT

Calm Down, Peter Puppy is a beautiful book for children and adults alike! As I read the words, I could actually feel my body relaxing. The illustrations are beautifully done - calming and playful. I enjoyed the affirmations, and see them as a way for children to learn to relax, build their self-confidence, and feel loved. The companion audio book and song help to reinforce the calming and loving affirmations. Marilyn's voice is so loving and gentle. I loved this book. Rev.
