Excerpt from Watertown, N. Y: A History of Its Settlement and Progress, With a Description of Its Commercial Advantages, as a Manufacturing Point, Its Location, Its Unsurpassed Water Power, Its Industries and General Features of Attraction We urge you most earnestly to examine with care the contents of the following pages, which are intended to set forth - perhaps hastily, but we trust fairly - some of the attractions which our city possesses as a desirable location for all classes of persons. The officers of this Association will take great pleasure in furnishing additional information to all who may desire, not only by prompt attention to correspondence, which is urgently invited, but by personal effort and attention to all who may visit our city with a view of locating with us, giving the additional assurance that all will be heartily welcomed and hospitably entertained. If what is said shall produce a favorable impression upon any person, in any quarter: inspire any intention to consider our claims, or arouse a spirit of favorable inquiry, to all such we give the assurance that we most cordially invite candid correspondence and inquiry, and that we have more to say.
